[LISTEN >>>](#)

American singer-songwriter Annaly Mawire's new single, **Under the Shadow**, inspired by Psalm 91, is an echoing cry of King David, a mighty declaration against fear, a Biblical arrow shooting straight to the heart of what is, a call to strength and faith in an unsettling era of fear. Intimate and profound, **Under the Shadow**, produced by the Creatives Factory, is sonically adorned with gritty rhythms and soulful melodies against an empowering lyrical backdrop. Annaly's truth-charged vocals, for which she has become known for, pierce through the vivid, dynamic soundscape that point perpetually towards Jesus.
